PATHETIC SCENES WITNESSED

The cheers, tears, heartaches and smiles of this city sent the soldier boys on their way to mobilization camp at Fort Thomas last night. In this crowd were the wives, sweet-

hearts, mothers, fathers and children of the troopers and in the heart of each was a silent prayer for the safe return of the departing loved one. Dr. Nesbit, Capt. of the Hospital corps made a brief and telling address from the band stand and called on Rev. Grant of the Methodist church to say a few words to the departing soldiers. Rev. Hawkins of the Christian church offered up a fervent prayer for safety and welfare of the soldiers and left them in the hands of the Great Commander. Some pathetic scenes were witnessed as the boys were going to the special train. Gray-haired mothers and loving wives whose eyes were dimmed with tears

bid their loved ones God speed and a safe return. Promises were made to write often to the sorrowing ones left behind. As the train pulled out of the station sobs and moans were heard from some, but cheer after cheer echoed from the big crowd of Earlington people who are proud of their soldiers. It was a scene far surpassing anything of the kind ever witnessed in Earlington and will long be remembered by every one present. The following is a complete list of the members of company G and the Hospital Corps.

Surprise Birthday Party

Miss May Lillian Fish was treated to a surprise birthday party Saturday night in honor of her thirteenth birthday. Mrs. Fish invited a number of young friends who went to the Idle Hour Theatre in a body. After returning to the house a delightful ice course was served the guests.

Easy to See Resemblance.
"Ki-u-hou" is said to be monkey language for "retreat," which may be true, though, as a matter of fact, the words, in sharp staccato, sound remarkably like a dog, decorated with the order of tin can and voicing discomfiture as the scene of action recedes rapidly into the distance.

THIRTY-FIVE CROSS THE BURNING SANDS

Rizpah Summer Ceremonial
at Paducah Most Successful
ful Ever Staged

The summer visitation ceremonial, staged by Rizpah Temple, A. A. O. Nobles of the Mystic Shrine at Paducah last Wednesday, was about the most successful since the Shrine was instituted several years ago. A class of thirty-five was initiated into the mysteries of this great order, the candidates coming from all sections of Western Kentucky.

Nobles who attended the ceremonial are loud in their praise of the entertainment of the Paducah Shriners. From the time the special train arrived in the capital of the Purchase until its departure at midnight, there was something doing all the time in the entertainment line. The banquet was a grand affair and the river trip to Metropolis, Ill., was very delightful.

The patrol and Kille band from Hadi Temple, Evansville, joined the Madisonville patrol and assisted in the work. A number of Evansville Nobles accompanied the patrol.

Arrangements are now being made for the pilgrimage to the Imperial Council meeting at Buffalo next month, and many will accompany the patrol on this trip.

1400 AMERICANS LEAVE MEXICO

Washington, June 29.—The safe departure of nearly fourteen hundred Americans from Mexican ports was reported to the Navy Department today.

MADISONVILLE PUBLISHERS BANKRUPTCY DEFENDANTS

The Courier-Journal June, 29th says The Hustler Publishing Company of Madisonville, Ky., which publishes the Hustler newspaper at that place, was made the defendant in involuntary bankruptcy proceedings instituted in the United States District Court by eight creditors of the concern, which have claims in the sum of \$544.06 against the firm they seek to have adjudged insolvent.

The creditors and their claims follow— Louisville Paper Co., \$139.84; Whitaker Paper Co., Cincinnati, \$130.20; Oliver Typewriter Co., Chicago, \$54.50; Clements Paper Co., Nashville, Tenn., \$29.72; American Press Association, Cincinnati, \$37, and C. S. Williams, \$90; Ashley Holloway, \$45; and Ernest Nisbet \$17.70, all of Madisonville. It is claimed that the Hustler Company committed acts of bankruptcy on two occasions since March 2, 1916 by paying other creditors in preference to them.

Christian Church Notes

Our faithful Superintendent Major F. D. Rash is on duty for our country and cannot be with us but we have efficient assistant Supt's and faithful teachers who are anxious for the school to keep its splendid record. You can make or mar their record.

Preaching morning and evening by the pastor. You are cordially invited to attend.

The quality of cake, biscuits and all quickly raised flour foods depends largely upon the kind of baking powder used.

HEALTH AFFECTS MAN'S VIEWPOINT

Half-sick Persons See Life
From Viewpoint of
Pessimist

The condition of a man's health always affects to a marked extent his mental attitude towards life in general. This fact is so universally admitted that columns in the newspapers are devoted to "Dyspepsia," "Philosophy," and of all ailments it is safe to assert that stomach diseases work more havoc with human machinery than all other disorders combined.

Of all the ills, chronic dyspepsia is probably the most common. Its causes, characterizations and results are many. Skilled specialists have been unable to cope with this almost universal malady. However, old Mother Nature, who, after all, is the ideal physician, in combination with skill in chemistry has compounded in her inexhaustible laboratory a marvelous remedy for this trouble.

It would be almost impossible to describe the sufferings that this dread disease has brought to mankind. The most common symptoms are pains in the stomach, a dull, heavy, bloated feeling, loss of appetite, headaches, nausea, dizziness, coated tongue, fitful sleep, loss of energy, nervousness and melancholia.

Tanlac, the great reconstructive tonic, appetizer and builder of worn-out tissues, compounded after years of study, was designed to check this distressing condition. Its purposes are to restore a healthy, normal appetite, good, sound, restful sleep, and nervousness, revive lost energy—in short, to restore the stomach to the habit of doing a full day's work and doing it efficiently.

This Master Medicine is composed entirely of roots, herbs, flowers and barks gathered from the remote corners of the earth and is compounded today under the personal direction of Joseph Von Trimbach, the chemist who created the Tanlac formula.

Thousands of men and women who have found relief from their sufferings thru the Tanlac treatment are daily acknowledging their gratitude for this wonderful reconstructive tonic.

Tanlac may be obtained in the following nearby towns: Earlington, Geo. King & Sons; Madisonville, Gardiner & Bowmer; Mortens Gap, B. T. Robinson; Nortonville, City Drug Store; White Plains, Dr. Bailey; Mannington, Walter McIntosh; St. Charles, George King & Sons; Carbondale, G. A. Woodruff; Dawson Springs, Coleman & Wallace; Crofton, Brasher & Croft; R. F. D. Crofton, Rance & McIntosh; Princeton, Wylie & Walker.

When Tobacco Was New.

The finds of pipes on the sites of the camps of the parliamentary armies in England have been numerous. It is not known whether Cromwell smoked; but Milton smoked a pipe at 9 p. m. every day before retiring. However, in some cases the Puritans contrived to introduce their religion even into pipe smoking, for an old chronicler tells of a Presbyterian minister so pious that "he would not so much as take a pipe of tobacco before that he had first said grace over it."

The Strong Withstand the Heat of Summer Better Than the Weak

Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

Water Seemingly Flows From Trees.

At Mount Lowe, Cal., the thirsty visitor has only to turn on a faucet projecting from a large tree near the hotel and water begins to flow. No water pipes are to be seen, and curiosity is aroused at once. The lower part of the tree is hollow, and the pipes are run underground and up through the hollow part to a knothole, where a faucet is attached. Around the faucet the hole is plugged up with cement which looks like the tree itself.

Penalty of Abusing Confidence.

The individual who merits and receives supreme contempt of men is he who abuses confidence, because he is betraying one of the foundational bulwarks of social and business life. The law accounts every man accused of crime innocent until he is proved guilty. So the universe presupposes men's intentions to be honest until they are revealed as untrustworthy.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a
Sluggish Liver and You
Lose a Day's Work

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Took Permission for Granted.

One day Jack's mother had to spend the afternoon in a distant part of town and it was necessary to leave Jack at home alone. She told him where she would be and that he could telephone her if necessary. About the middle of the afternoon Jack called her up to ask if he might go and play with a little cousin about a block away. His mother told him he could if he would be quiet, whereupon he said: "Thank you, mother, I am there now."

Clear Skin Comes From Within

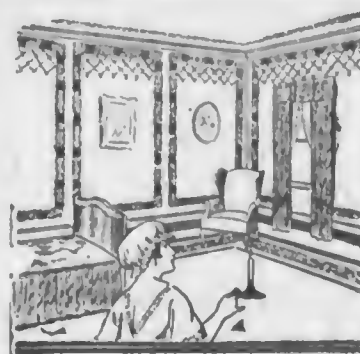

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion to-day. 25c. at your druggist.

"John" Various Pronounced.

Those who laugh at the Swedes for pronouncing John as "Yon" may well look to their own English fatherland, where the name still survives with that pronunciation, and spelled "Jan." Ivan, the Russian name which is pronounced like the French Yvonne, is merely another way of saying the same thing.

Does Sloan's Liniment Help Rheumatism?

Ask the man who uses it, he knows. "To think I suffered all these years when one 25 cent bottle of Sloan's Liniment cured me," writes one grateful user. It warms and soothes the sore, stiff painful places and you feel so much better. Buy it at any Drug Store, only 25 cents.

Following is Letter

Belgium, June, 6, 1916

Dear Uncle:

It has been a long time since I have received any news from you. Yes, dear Uncle it is now 12 months since you wrote me. I do not hear from my parents and if you knew what a treat it is to a soldier at the front to receive a letter I know you would write often.

Dear Uncle it is now about a year ago since I wrote you and sent you my photo but never received any answer, let me know whether you received my photo or not I will send you another one.

The war is about the same and has been for the past 12 months and you can have an idea how it is to be for 2 years separated from everything that is near and dear to you, still we live in hopes if we die in despair. The boys around me are behaving wonderfully good and waiting with patience for the war to come to an end, which I believe is not far distant. I will close with the assurance of my best wishes from

TOBACCO AS A "WAR BABY"

A great many honest men believe that tobacco is not a necessity, that it is injurious to the human system. Most women think the same way; and yet tobacco is one of the "war babies," and the governments at war are furnishing their soldiers and sailors with ample quantities of it. The largest tobacco transportation contract in history has recently been closed, and it provides for carrying 234,000,000 pounds from this country to France during the months of July and August. The tobacco comes from Kentucky, and it will be shipped in hogsheads, of which there will be 15,000, the total shipment, weighing 11,700 tons. The tobacco is shipped in leaf form to the French Government. Very likely when the next set of moving pictures comes out, showing "How France Prepared" this tobacco will appear in the films, and the probabilities are that the patriots who prepare it for the French soldiers to chew and smoke will be the women and girls of the country. A shipment of 3,000 tons of the recent purchase will be sent to France during the first week of July, and the steamship Kirsten will be renamed "Lady Nicotine" in honor of the unusual cargo which will be carried.

Will My Child Take Dr. King's New Discovery?

Keep what is left for Cough and Cold insurance.

Made Cigarettes the Fashion.

Laurence Oliphant, a man both of letters and fashion, is generally credited with having first introduced cigarettes into English society. They became fashionable in about 1870 and had a revolutionary effect on smoking among women. Those of the lower classes had frequently been pipe smokers, but in society the ladies, perhaps for physical reasons, never took up either pipe or cigar to any extent. The cigarette offered them a milder and more delicate means of sharing man's delight in the weed.

Laughter Always Best.

One good, hearty laugh is a bomb-shell exploding in the right place, while spleen and discontent are a gun that kicks over the map who shoots it off.—Talmage.

The Delight of Children

The self developed, inner-flavour of New Post Toasties bear a unique attraction for the kiddies—they even like them dry from the package for their lunches. A box of Toasties provides 'eats' that will delight the children.

New Post Toasties are usually served with cream and sugar, in which form the flavour is more pronounced and the flakes more delicious. These New Post Toasties do not "chaff" or crumble in the package and they don't mush down in cream—both common defects of old-fashioned "corn flakes."

Then, too, notice the tiny bubbles on the flakes, produced by the quick, intense heat of a new patented process of making which imparts delightful crispness and a substantial body to the flakes.

New Post Toasties are a vast improvement over any old-style "corn flakes."

RULES GOVERNING CONTEST

Just over the cash stand will be placed an imported chime clock that tolls the quarter, half, and three quarters and the full hour.

When the clock tolls the quarter and three-quarters hour, the customer having made and completed their cash transaction will receive in cash the one fourth price of the article bought on the stroke of the clock.

When the clock tolls the half hour the customer having made their purchase will receive back in cash one half the price of the last article bought.

When the clock strikes the full hour, the sale completed as in the former transactions, the article bought will be handed you absolutely free and without any cost to you

Note the Following Illustration

You enter our store at 9 a. m. A clerk approaches you and you ask to see a pair of shoes, you fit them on, they are entirely satisfactory and you ask to have them up. The clerk wraps them, makes out your sales slip, and the chimes strike the quarter hour or 9.15 a.m. the cashier will at once refund you a dollar in cash if you have selected a pair of \$4.00 shoes or one fourth the price of whatever the price of the shoes may have been which you have selected, so in place of costing you \$4.00 they cost you but \$3.00.

Another illustration: Should you sale be completed on the stroke of the half hour, the article you have purchased, whether a pair of shoe strings or a suit, you will be refunded in cash one half the price of the article bought on the half hour.

Shoes! Shoes!

The extremely high price of leather makes this sale the most opportune time to buy your summer supply of slippers from us within the next seven days. A general pricing of the various kinds and characters of goods as are usually offered during sales, by quoting you inflated values, will not be attempted in these columns, as we are staunch believers in legitimate advertising.

Our aim in giving you this sale is to gather together all broken lots and sizes, styles we cannot replace today because of shortage of material, present season merchandise that we can handle only at the present season and quoted at prices to move them off our shelves.

A great quantity of all classes of these shoes will be put on open display for you to examine and make your selection, as we will have hundreds of pairs to choose from. We will use this week to get rid of all these short lots and if you do not participate in this splendid shoe deal, you will pay much more later on for the same item.
